Window & Glass Cleaner

It removes the dirt from the glass

It is an ideal product to effectively remove dirt and grime from glass, mirrors and windshields indoors or outdoors, without the need to rinse. Its formula includes powerful cleaning agents, detergents and degreasers that quickly clean and leave surfaces with a glossy, transparent and without marks finish. It can be used on the surface of equipment or furniture such as desks, plastic covers, computers, telephones, and portfolios. It leaves a pleasant aroma in the environment.

BENEFITS:

- It is easy to use.
- It dries quickly.
- It has an excellent cleaning power and does not require rinse.
- It cleans without leaving streaks, scratches, mars or residues.
- It does not attack metals, paints, plastics, crystals or polycarbonate.

INSTRUCTIONS:

Spray it directly over the entire surface of the glass at a distance of approximately 30 cm and gently wipe with a clean and dry cloth until the surface is completely clean. On any other surface, apply the product with a clean lint-free cloth and rub the surface until the result is obtained.

MAIN COMPONENTS:

Anionic and nonionic surfactants on aqueous basis. Free of ammonia, solvents and phosphates.

STORAGE:

Storage the product in a dry and fresh place, room temperature, between 5 and 48 °C, and protect it from direct sunlight.

For more information about the instructions, storage, and availability of the product, it is recommended to consult the Security Sheet (MSDS), or contact your Sales Advisor.

WARNING:

Avoid accidental contact with eyes and in such case rinse with abundant water. Avoid prolonged contact with the skin, after its manipulation rinse with water and soap. In case of accidental ingestion, do not induce vomiting and find medical care quickly.

Maintain out of the reach of children.

EXPIRATION DATE:

3 years from its elaboration date, as long as the container is sealed and stored in a clean, dry, and fresh place and protected from direct sunlight.

TYPICAL CHARACTERISTICS

PROPERTY	METHOD	RESULTS
Visual appearance	Visual	Without solids in suspension
Color	Visual	Light Blue
Density @ 25 °C, kg/l.	ASTM D-1122	0.910 – 0.930
Viscosity @ 40 °C, cSt	ASTM D-445	2.0 – 3.0
pH, adm.		8.0 – 9.0

Typical characteristics are average values obtained within the production tolerance and they must not be considered as quality control parameters nor they represent a specification. The presented numbers are subject to changes without previous notice.

Do not pollute. Dispose the containers, oils and fluids in authorized places. Protect the environment, together we can succeed.

PRESENTATION:

- Box of 6 containers, 550 cm³ each.
